

PROJECT: Special Ecological study for the natura 2000 area "AGIA THEKLA-LIOPETRI"

SCIENTIFIC DIRECTOR: M. Papadopoulou

DURATION (MONTHS): 4 months

DEPARTMENT: Department of Geography and Regional Planning

FINANCIER: MUNICIPALITIES OF SAINT NAPAS & SOTIRAS, CYPRUS

DESCRIPTION: Re-evaluation of the impacts on the natural environment and the bird life in the wider area of the special protection zone "AGIA THEKLALIoTTRIPI" on the borders of the Municipalities of Ag. Napa and Sotira in Cyprus. The impacts assessment of the existing interventions will be based on data from the relevant literature as well as field data that have already been collected by agencies of the Republic of Cyprus, NGOs and research institutions.
