

PROJECT: GEOINFORMATICS (tuition fees)

SCIENTIFIC DIRECTOR: Ch. Ioannidis

DURATION (MONTHS): 66 months

DEPARTMENT: Department of Topography

FINANCIER: Various

DESCRIPTION: The purpose of the project is to collect and manage the tuition fees that are required to be paid by the postgraduate students of the international Master's program 'Geoinformatics' of NTUA, who come from non-EU countries, according to the current regulations of the postgraduate program. For the estimation of the project's budget, it is estimated that 44 students from non-EU countries will enroll over the next five years, with a progressive increase in their number over the years.
