

**PROJECT:** Technical Consultant Services for the Project "Inaccessible Cultural Heritage Monuments of the Cyclades - Digital Documentation, Visualization & Promotion"

**SCIENTIFIC DIRECTOR:** Ch. Ioannidis

**DURATION (MONTHS):** 29 months

**DEPARTMENT:** Department of Topography

**FINANCIER:** Ephorate of Antiquities of Cyclades

**DESCRIPTION:** This project concerns the provision of support services to commission, monitor and accept studies. The objective of such studies is the 3d high resolution documentation of cultural heritage monuments, with a triple focus on: a) the accurate geometric documentation of cultural heritage monuments to enrich the geospatial data ecosystem for cultural heritage documentation, b) enabling a user-friendly study for cultural heritage integrated understanding and the resulting educational dissemination of knowledge and c) the visualization and promotion of cultural heritage monuments using a variety of modern methods (interactive browsing, 3D virtual representation, website, apps, informative videos, touch screens) addressed both to on-site visitors of the Archaeological Museum of Paros and a suitably designed space in Chora Folegandros, and of the periodic exhibitions and Museums under the jurisdiction of the Ephorate of Paleoanthropology and Speleology, as well as to remote visitors through online capabilities.
