

**PROJECT:** Tourist Coach Parking Plan Development in the Municipality of Athens

**SCIENTIFIC DIRECTOR:** K. Kepaptsoglou

**DURATION (MONTHS):** 5 months

**DEPARTMENT:** Department of Infrastructure and Rural Development

**FINANCIER:** ATHENS DEVELOPMENT A.E.

**DESCRIPTION:** The objective of the project is to develop a plan to organize the parking of tourist coaches in the Municipality of Athens. The plan will focus on limiting the negative impacts from the parking and traffic of tourist coaches, taking into account the importance of the tourist product for the city, but also the professional and business aspects and limitations related to this service. Therefore, the project will focus on ways to optimize the parking needs of tourist buses, while at the same time minimizing their footprint on the Municipality of Athens.
